You can get performance from your present car that will make your friends gasp with astonishment—and you can save \$25, \$50, even \$75 a year on gas bills alone doing it!

Yes! You, yourself can fit this amazing GASOLINE ATOMIZER on to your car in as little as 20 easy minutes! And it is guaranteed to pay you back your full purchase price, in gas savings alone, in the first 3 to 4 short months that you use it. Here's why!

By **RICHARD JOHNS**

Mr. Car Owner! How would you like to have the driving thrill of your life next weekend?

Picture this yourself! Next weekend you go down to your car—the same tired car that you've been driving for years. You've made only one simple change to that car, so easy that your 16-year-old son could do it! But now, when you turn on the ignition, a modern miracle of engineering science comes to life under your hood!

From the very first moment, you'll see and feel the difference in that engine. That engine will hum with new, throbbing power. When you release the emergency brake, your car will glide out of its parking space... roll down the street with your foot hardly touching the pedal. Every 30 or 40 seconds, you'll give that car an extra shot of gas... feeling it spurt ahead... testing the new power that's singing underneath your foot!

We ask you to pull up to another car at the stop light, of approximately the same year and make as your own! Wait until the light changes from red to green. Let the other car start first. Wait till the other car gets half way across the street. And then slam your foot down on the gas pedal!

Before that other car has even crossed the street, you will have caught up with him. For one brief second, you and that other car will race fender to fender. And then you will flash away from him... you will leave him a full block behind... you will look in your rear view mirror and see the startled look of amazement in the other driver's eyes!

TEST THIS NEW POWER A HUNDRED DIFFERENT WAYS!

But this is just the beginning! Test this equipment for one full month—entirely at our risk! Test

WE GUARANTEE YOUR GAS SAVINGS!

At the end of that time, this device must save you—on gas alone—EVERY SINGLE CENT OF THE MONEY THAT YOU PAID FOR IT—OR YOUR FULL MONEY WILL BE REFUNDED! This offer is good for a full four months! It is probably the most amazing offer in car history! You have nothing to lose! ACT TODAY!

it on the highway! Use it to flash away from other cars... spurt up the steepest hills... actually pass other cars in 2, 4, 6 and even 8 seconds LESS than you could have done formerly!

Test this equipment in long-range driving! See the enormous gas savings it gives you at high speeds! Prove to yourself that at 50... 60... even 70 miles an hour, your foot is still half-way up on the pedal—you still have all the reserve power you need to get out of any emergency on the highway!

Yes, and test this equipment in stop-and-go city driving! Prove to yourself that it gives you the instant acceleration you need to get out in front of the crowd... with far less gas than you're using today! Prove to yourself that it can actually save you \$25 to \$50 to \$75 on your gas bills every single year... that it actually pays back its full cost, in gas savings alone, during the first three or four months—or your full money back!

HOW DOES THIS PRODUCT GIVE YOU SUCH TREMENDOUS NEW POWER?

And you get all this performance—and more—from a small, polished machine of bronze and aluminum that you can hold in your hand! Here's why:

Gasoline in its liquid form is not explosive. If you accidentally

YES! This amazing "MINI-SUPERCHARGER" gives you as much as 20 more horse power from your engine! Gives you the gas economy you've dreamed about for years! Here's why. This Power Booster works on exactly the same principle as superchargers selling for as high as \$600. Its whirlwind propeller (A) breaks up the raw, unburnt gas that your engine is wasting today... gives you blazing new power from every drop! Its emergency breather valve (B) forces huge quantities of fresh air into your engine... forces that engine to breathe deeper... push harder... pile up more mileage from every gallon you buy! It gives you a TREMENDOUS NEW BURST OF MONEY-SAVING POWER, just when you need it most—when you flash away from traffic... shoot up steep hills... pick up speed on the open highway! No wonder dozens of leading car magazines call this the "money-saving discovery of the year." Test this amazing gas-saver yourself—without risking a penny! THE THRILLING FACTS ARE ON THIS PAGE!

drop a lighted match into a bucket full of gasoline, the chances are 10 to 1 that that gasoline will actually put out that match. But simply mix that same bucket full of gas with the proper amount of air, and you will have enough explosive power to drive a ten ton truck!

The main purpose of this machine is to SUPER-MIX... SUPER-VAPORIZE... SUPER-ATOMIZE your gas in exactly that way! To squeeze the hidden power out of that gas! To mix that gas with much greater volumes of air! To make that gas more explosive in the engine of your car!

No wonder men have paid up to \$600 for Superchargers! What we are offering you on this page is a MINI-SUPERCHARGER—easier to install—less expensive! But still the only power product you can buy with all these tremendous advantages:

1. You can install it yourself, in just 30 minutes, even if you never picked up a tool before in your life! No \$10, \$15 or \$20 mechanic's bills! No drilling, or grinding of any kind! You never

even touch the inside of your engine!

2. It never needs further adjustments, for the full lifetime of your car! Nothing to go out of order or break down on the highway.

3. It takes up no room in your car... makes no "souped-up" noise! No shifting around of engine parts. No "hot rod" noises to cause embarrassment!

SO EASY TO INSTALL THAT EVEN YOUR 16-YEAR-OLD SON CAN DO IT!

HERE'S ALL YOU DO!

Step 1. Open your hood. Locate Air Cleaner and Carburetor Unit that sits smack on top of your engine. Simply take an ordinary wrench and loosen the

two or three bolts that hold carburetor to the engine!

Step 2. Lift up the carburetor. Put MINI-SUPERCHARGER unit in place. What could be easier?

Step 3. Replace carburetor. Now turn on your engine! And then get in and take the most thrilling drive of your life!

TRY IT ENTIRELY AT OUR RISK

This MINI-SUPERCHARGER (U.S. Patent No. 2,409,937) sells for only \$11.95 for most cars and only \$14.95 if your car has a special four-barrel carburetor. This is your total cost—there is no installation fee! And, most important of all, we guarantee that you will save this full purchase in gas bills alone—in the first 3 to 4 months that you own this device.

You have nothing to lose! Try this equipment entirely at our risk. It must give you a whole new world of driving pleasure and economy or your full money back! Act today!

Candy's Good Deed

SCHOOL was over for the day and Candy stood on the steps talking to her two best friends, Trish and Tina. They were discussing their dates for a party on the weekend. Naturally, Candy would be with Ted. Trish was going with Roger. And Tina, always fat and happy, was in a tizzy because a muscle man named Andy had invited her and she wouldn't have to go with pint-sized Orville. Everything was shaping up for a fine time until Candy saw Polly Westmore coming through the door toward them.

"Gee," said Candy suddenly. "Do you suppose anyone's asked Polly for a date? She's nice even if she is plain looking and it would be a shame for her to be left out."

"I agree," replied Trish as she turned toward Polly. "Let's find out."

The girl greeted Polly warmly. "We were just talking about the party this weekend," Candy ventured, approaching the subject cautiously. "Who's taking you?"

"No one yet," Polly answered with a smile. "You see, I've written to my boy friend at home to see if he can make it. But I haven't heard from him yet."

"I hope he can come," smiled Candy. "I'd like to meet him."

"I want you to," Polly said trying to look pleased. "He's tall and good looking and a lot of fun only—I'm terribly afraid he won't be able to be here."

As Polly went on her way, Candy turned to her two friends. "I have a hunch," she told them, "that there isn't any boy friend at all. I believe she's bluffing just because no one has asked her."

"Why would they?" asked Tina, with a shrug of her shoulders. "She does nothing to make herself attractive."

"That's the trouble," mused Candy as if talking to herself. "And I'm going to do something about it. I'm going to talk to her about it. It would be doing a good deed."

"It certainly would," agreed Trish. "If she'd wear a little makeup and not pull her hair back over her ears and wear some up-to-date glasses, she could have a good time like the rest of us."

Polly and her parents had recently moved to Hartwick and they didn't live far from the O'Connors. So Candy sauntered by their house that evening and paid a call on Polly and was soon launched on her big project.

"Why don't you let me fix your hair?" she suggested. "And don't you ever wear makeup?"

"I guess I've been pretty sloppy," Polly admitted, "but I've lost interest lately. I always fixed up for Jim."

"Jim's the boy friend?" queried Candy. And when Polly nodded, she added, "Let's do it anyway. I want to see how you look."

It was almost closing time at the Sweet Shoppe when Candy walked in with Polly, proud to display her work of art. The girl who had looked so plain had become quite a beauty. Her hair was curled. She was wearing enough makeup to give her color. And she had taken off her glasses which she didn't really need except for reading. Tina and Trish were sitting in a booth and stared. So did Ted and Roger and Andy who were standing talking to the girls. Andy invited Polly to join him for a soda. Ted and Roger sat at stools alongside. Tina turned to Candy with an unfriendly frown.

"You and your good deeds," she mumbled. "You make the gal look so good that she walks off with my boy friend."

"Mine, too," muttered Trish.

"What about me?" grumbled Candy with disgust as she plunked herself in the booth opposite the two. "Do you think I like the way Ted turned his back on me? I wanted Polly to have dates but not ours."

The day of the party arrived and Candy saw Polly walking down the street, looking pretty and happy. And why shouldn't she be wreathed in smiles? After all the attention she'd had? A girl who couldn't even get a date before and made up stories about a tall, handsome boy friend named Jim. Candy couldn't feel much sympathy.

That night, she treated Ted a little coolly. She noticed that Trish and Tina were a bit uppity with their dates, too. But they all stood staring as they saw Polly enter with the tallest, handsomest and certainly the most charming fellow at the party. And Polly was taking him right toward Candy.

"I want you to meet Jim Durant," she said. "He was able to come to our party after all."

"I heard how you took Polly in hand," grinned Jim. "She looks swell but of course she'd look good to me any time. 'But she says you're her best friend.'"

Candy and Trish and Tina gave each other knowing smiles. Then they turned their attentions to their dates. And Candy felt content. Polly looked pretty and appeared to be having such a good time. Trish and Tina were, too. Things were back on the same old basis between her and Ted. Her good deed had turned out okay, after all.
